## The Copeland Family

**Roscoe P. Copeland** was born on March 6, 1836, in Dexter, Maine. In 1848, he came to Dexter, Michigan with his parents. In 1858, he led a caravan of oxen, cows, horses and eleven wagons to Colorado, where gold had been discovered. He returned to Michigan and married Frances J. Holmes of Dexter. Roscoe served as the village president for thirty-five years and was also on the school board. He died on Feb. 14, 1933, at the age of 96.

**Frances J. Holmes** was born on December 1, 1843, in Dexter, Michigan. She married Roscoe P. Copeland in 1861. Roscoe and Frances raised three children – Cornelia, Harry and Royal – on their farm in Dexter. Frances died on August 16, 1925, at the age of 82.

**Royal S. Copeland** was born on November 7, 1868, in Dexter, Michigan. He graduated from Dexter High School in 1885 and received his M.D. degree from the University of Michigan in 1889. After practicing medicine in Bay City, he became a professor in the Homeopathic Medical College at U of M.

In 1908, Copeland became the dean of Flower Hospital Medical College in New York City. He was appointed the city's Public Health Commissioner in 1918. Copeland was elected to the U.S. Senate in 1922 and again in 1928 and 1934. He died on June 17, 1938 while still serving as a U.S. Senator.

## The Copeland Building

Royal S. Copeland graduated from the first Dexter Union School, which had been constructed in 1857. By 1887, a handsome new school had replaced the former building. The Dexter High School Alumni Association was formed in April 1905. Copeland was the toastmaster at the first Alumni Banquet held that June at the Dexter Opera House.

By the early 1930s, overcrowding at the school was threatening its U of M accreditation. In 1935, Senator Copeland returned to Dexter to celebrate the fiftieth anniversary of his graduation and deliver the commencement address. He was dismayed by the school's situation and encouraged the community to take action.

An addition to the Union School was completed in 1936. The following year Senator Copeland gave an address at the dedication of the Roscoe P. Copeland Auditorium, named for his father.

A Dexter High School Alumni Association Publication

## Hello, Alumni!

Welcome to the latest issue of the DHS Alumni News. We are excited to be planning our first Alumni Banquet since 2019 and are looking forward to seeing classmates and friends. If you missed celebrating a graduation anniversary in the past few years, please join us at the banquet this June and help us restart a treasured tradition.

In order to have a successful banquet this year, we need volunteers to help set up tables and chairs on Friday and more help taking them down after the banquet on Saturday. We also need volunteers for other duties on Saturday. If you can help, please check one or more of the boxes on the Registration Form or contact us via email or phone.

In this issue, we are pleased to recognize the students who were awarded Alumni Scholarships over the past four years. They represent the quality of Dexter's schools as well as your generous support of our Scholarship Program. Throughout the newsletter, we've also included photos from the last banquet in 2019.

Our list of alumni who recently passed is longer than normal, as it has been four years since we published an update. Thank you to the families and classmates who shared their information with us.

Please read the President's Letter on page 3. It has an important message about the future of the Alumni Association.

## President's Letter: *Where Do We Go From Here?*

Dear Alumni,

The DHS Alumni Association has faced significant challenges in the last four years. In the summer of 2019, President Keith Hafner and several others stepped down from their director positions. Since then, the Association has had a three-member board.

Due to the COVID pandemic, the Alumni Banquet was canceled in 2020 and 2021 and postponed in 2022. The banquet that was rescheduled for October 2022 also had to be canceled when the mailing vendor printed incorrect address labels on most of the newsletters.

During the same time, we've seen a significant decline in the number of member updates from both individuals and class reunion committees. Maintaining accurate contact information is essential to the operation of the Association.

### Where do we go from here?

Our immediate focus is to:

- Hold a successful Alumni Banquet on June 17, 2023. We will need your help with set-up on the Friday before and also with a variety of jobs on the day of the banquet.
- Reestablish contact with alumni through the newsletter, email, website and Facebook. Please encourage your classmates and family members to update their contact information with the Association ([www.dexteralumni.org](http://www.dexteralumni.org)).
- Select the recipients of the 2023 Alumni Association scholarships. We're now reviewing the applications and we need your help to keep the program strong. Your donation can make a real difference for a new DHS graduate.

After the banquet, the Association will be facing some major questions.

- Can the DHS Alumni Association continue as an independent organization?

That will require a new group of alumni to serve on the Board of Directors. How do we recruit younger members plus members with the necessary skills (e.g., database management, newsletter production, website development)?

It will also require a higher level of membership records that have up-to-date contact information. As classes grew in size, the percentage of known addresses (both actual and email) went down. How can the trend be reversed?

- If the Association can't survive independently, what are the options? Can we share the operation with the Dexter Community Schools? Can the Schools take over the Association? Or does the Association cease operation altogether?

I encourage you to attend the banquet, pay your dues, support the Scholarship Program and stay in touch. If you can give a few hours in June to help make the banquet a success, please email me at [jdsmith@dexteralumni.org](mailto:jdsmith@dexteralumni.org) or leave a message at 734-426-8885.

This summer we will be deciding the future of the Alumni Association. Please discuss the situation with your classmates and watch for an announcement of planning sessions, both virtual and in person. Questions and suggestions are always welcome. You are a DHS graduate and your opinion counts, now more than ever.

Sincerely,  
Jim Smith, '66

## DHS History and Memorabilia Preservation

The foundation of our organization is its history and the memories held by our Alumni. The annual yearbooks are a vital part of that history. But so are the photographs, letters, news clippings, jackets, uniforms, certificates, diplomas, newsletters, movies, pennants, announcements and anything else related to our time at Dexter High School. Personal recollections of DHS memories are invaluable.

Thank you to those who have sent photos, old school newspapers, Dexter Leaders and even a few yearbooks. Your support of our efforts to preserve DHS history is greatly appreciated.

If you wish to donate or loan memorabilia to the Association, please contact us via email or mail.

## DHS Yearbook Collection Project

We continue to collect borrowed and donated yearbooks to get ready for a project creating a digital archive of these key pieces of DHS history. As part of our memorabilia collection, donated yearbooks will be retained as a physical archive after digital copies are created.

We need the following yearbooks for our project: any year before 1947, 1988, 2002–2006.

## Privacy Standards for Alumni Data

We maintain contact information for alumni in order to distribute news about Association projects and events. We also want to be a resource for classes that are planning reunions.

The contact information collected by the DHS Alumni Association is not shared with individuals or outside organizations. Contact information for members of a specific class may be shared with an official Class Reunion Committee or designated Class Representatives.

## 2024 Planning

The tentative date for next year's Alumni Banquet is Saturday, June 15, 2024, pending coordination with the School System's calendar. Honored Classes for the 2024 Banquet will be 1949, 1954, 1959, 1964, 1969, 1974, 1984, 1994 and 1999.

## **History of The Copeland Building**

*(Photos courtesy of Dexter Area Historical Society)*

In 1958, the last group of seniors to finish classes at the school on “Piety Hill” held their graduation ceremony at the new high school on Baker Road. The school on the hill was a combination of the second Dexter Union School, built in 1887, and the Copeland Building, added in 1936.

In honor of the Class of 1958’s sixty-fifth anniversary, we are pleased to share an excerpt from an article written by Doug Marrin with help from the Dexter Area Historical Society. “Then and Now: The Wonderful Life of Dexter’s Historic Copeland Building” appeared in the Sun Times News on September 9, 2021.

The first Dexter Union School was constructed in 1857, on Piety Hill at the corner of Hudson and Ann Arbor streets. Unfortunately, a large crack in the structure brought an early end to its service. The school was torn down, and the second Dexter Union School was constructed in 1887.

In the early 1930s, the school was overcrowded. In 1935, Senator Royal S. Copeland visited Dexter and was appalled at the conditions he found in his alma mater. The Senator began an initiative to build an addition that would remedy the overcrowding and

provide a gymnasium. The cost for the expansion was \$94,000, of which \$50,000 came by way of a grant from the Public Works Administration.

The Copeland addition was completed in late 1936 and included a new gymnasium/auditorium, home economics classroom, office, additional classrooms, and a new ventilation system. The new building was named for Senator Copeland's father, Roscoe Copeland, who served as Village President for 35 years, as well as a number of terms on the school board.

The school experienced an influx of students in the early 1950s when the surrounding country schools closed. Space was again an issue. In 1957, a new high school was built on Baker Road, and the second Dexter Union School was closed. In 1961, the old structure was torn down, but the Copeland Building was renovated into an early elementary school.

The next six decades saw more renovations. Copeland housed classrooms and later administrative offices. The auditorium continued to be used by both school and community groups. In 2019, after the offices were moved to the former Bates Elementary School on Baker Road, the school district made plans to sell the Copeland Building.

The property was purchased by The Encore Musical Theatre Company in 2020, thus ensuring that the historic Copeland Building will continue to play an important role in Dexter's community life and history.
